

## AAC India Community

The AAC India Community is an exclusive platform dedicated to uniting individuals and organizations who are passionate about Autoclaved Aerated Concrete (AAC). This vibrant community serves as a central hub for knowledge sharing, networking, and driving innovation in the AAC industry.

## Who Should Join the Community?

- **AAC Manufacturers**  
Gain industry insights and stay updated on best practices.
- **Researchers & Academicians**  
Access a wealth of resources and contribute to groundbreaking studies.
- **Builders, Architects, and Engineers**  
Discover innovative solutions for sustainable construction projects.
- **Enthusiasts & Learners**  
Dive into the world of AAC, enhance understanding, and engage with like-minded individuals.

### Ojas Joshi

Co-Founder of AAC India Institute

I am dedicated to being a reliable guide, a valuable resource, and a connecting force for all AAC industry professionals whether you're just starting out or a seasoned expert. Whether we meet in person or connect virtually, I am always here to provide guidance, share knowledge, and collaborate to tackle challenges and explore new opportunities. My goal is to drive innovation, strengthen networks, and contribute to the growth of the AAC industry. Together, we can build a stronger future, one block at a time!

## Who we are

AAC India Institute is a professional training and consulting company dedicated to serving the Autoclaved Aerated Concrete (AAC) block Manufacturing industry in India.

We specialize in helping AAC block manufacturers achieve operational excellence, enhance workforce skills, and drive business growth. With our deep industry expertise,

We provide practical solutions that address key challenges in the AAC manufacturing sector.

We connect AAC manufacturers, suppliers, professionals, and users, fostering a collaborative community focused on innovation, knowledge sharing, and sustainable growth.

## Our Vision

To be the leading catalyst in India that empowers AAC Block Manufacturers with cutting-edge knowledge, efficient operations, and sustainable business growth.

## Our Mission

Our mission is to empower AAC block manufacturers, suppliers, and professionals in India with the knowledge, skills, and resources they need to thrive in a competitive market. We are committed to creating a strong, sustainable future for the AAC Industry.

- Operational Excellence: Using the best methods for high-quality AAC blocks.
- Empowering Leaders: Providing the latest knowledge and skills in AAC Industry.
- Building Future Experts: Training the next generation in AAC manufacturing.

## What We Do

We offer specialized solutions tailored to the unique needs of AAC Block Manufacturers. Our solutions focus on solving core AAC Manufacturing pains like operational inefficiencies, workforce management issues, business growth challenges, and knowledge gaps.

## Our Services

### Professional Training for AAC Plant Employees

We offer programs catering different AAC needs -

- How to reduce rejections in AAC plant - Training program in your plant for your staff on your shop floor
- How To Manufacture AAC Blocks - On-line program for middle management

### Skilled Manpower Supply for AAC Plants

- Skill Development and Placement program - We run a unique training for the students and job seekers to build their AAC skills and prepare them for the role of AAC operators and supervisors.

### Business & Networking Events for AAC Manufacturers and vendors

We plan and execute periodic business workshops, networking events to bring manufactures, vendors and all other AAC players together to foster the growth of the industry.

### AAC Knowledge and Resources

- Knowledge Base - Highly valuable online resources like articles, ebooks, videos and course catering day-to-day issues while running AAC Plant.
- AAC Journal - Monthly newsletter to keep all the AAC stakeholders updated with recent AAC trends and innovations in industry.
